ABOUT THE NATIONAL HOUSING CO-INVESTMENT FUND

The National Housing Co-Investment Fund (NHCF) provides long-term low-cost loans and/or forgivable loans focusing on two key priority areas of the National Housing Strategy: the creation of new affordable housing and the repair and renewal of existing affordable and community housing.

The **New Construction** stream develops new, high-performing affordable housing located close to necessary supports and amenities, from public transit and jobs to daycares, schools and healthcare.

The **Repair and Renewal** stream preserves and revitalizes the existing community and affordable housing stock.

WHO CAN APPLY?

Any registered Canadian company can apply to the NHCF program. This can include:

Community housing providers (i.e. Public or private non-profit housing organizations or rental co-operatives)	Municipalities Provinces and territories	Indigenous governments and organizations	Private sector

BEFORE APPLYING

Before you begin an application, please contact a CMHC Specialist. They will help you understand the program, clarify the minimum requirements and documents required throughout the process and assist you with completing your application. All fields marked with an asterisk (*) are required fields.

ABOUT THIS APPLICATION GUIDE

This guide will help you complete the online application process for both new construction and repair and renewal of existing housing. It provides an overview of the questions and answers as a reference when completing an application.

Minimum Requirements to Submit Your Application

Before applying, please review and complete the Required Documentation Checklist (New Construction and Repair/Renewal) with your CMHC Specialist.

Along with a completed application form, you must also include:

1. A completed financial viability assessment tool (New Construction and Repair/Renewal). Please download, complete, and attach the appropriate file to your application.

2. Signed Integrity Declaration.

The NHCF program is available to projects that meet and/or exceed the minimum requirements. Application assessment, verification of project details, and evaluation of the application will determine whether a project receives funding, the type of funding (low-cost repayable loans, forgivable loans, or a combination) and how much. You are responsible to provide sufficient required documentation that will verify compliance with the eligibility requirements. Simply meeting the minimum criteria for the NHCF does not guarantee your project will be prioritized or approved for funding.

It is important to ensure your project will be ready to begin construction or renovation within six months of being approved for funding by CMHC.
