CMHC Multi-unit Fees and Premiums

CMHC mortgage loan insurance helps Approved Lenders offer insured financing at interest rates comparable to those generally reserved for borrowers with larger down payments. The premiums are generally more than offset by the savings from lower interest rates. The complete set of application fees and premiums are provided below.

For more information, please visit cmhc.ca/mliprograms or call **1-888 multi GO** (1-877-685-8446).

At-a-glance

Application Fees

The application fees are based on a per unit/bed basis and are payable by the lender at the time of the application. If the application is declined by CMHC or withdrawn by the lender, CMHC will retain a portion of the application fee (minimum of 10%) which in its opinion covers the work done and resources used in processing and reviewing the application. CMHC will retain the full fee once a certificate of insurance is issued. The application fee may be added to the insured loan amount. After issuance of the Certificate of Insurance, subsequent changes to the loan will be subject to post approval fees.

Insurance Premiums

The mortgage loan insurance premium, including any applicable surcharges, is an up-front charge to the lender which represents the total cost of insuring a mortgage. The premium may be added to the mortgage and is non-refundable (provincial tax cannot be added to the insured loan amount). For progress advances the premium is due and payable by the lender to CMHC as the mortgage funds are advanced.
