

Progress on the National Housing Strategy

DECEMBER 2023

Canada's National Housing Strategy (NHS) sets a long-term vision that focuses on improving housing outcomes for those in greatest need.

Launched in 2017, the NHS is currently a 10-year, \$82+ billion plan to give more people in Canada a place to call home.

The NHS consists of complementary housing programs and initiatives that aim to address needs across the housing continuum, prioritizing Canada's most vulnerable populations.

Progress on the programs and initiatives under the Strategy are updated quarterly or as available.

How progress is tracked

Canada Mortgage and Housing Corporation tracks and reports on progress at four different phases:

1. **Conditional Commitment:** funding is earmarked to support the building or repair of units for which formal project agreement is still subject to final approvals and conditions (Letter of Intent is signed);
2. **Financial Commitment:** formal loan agreement is duly executed and a binding agreement is reached to provide credit under pre-specified terms and conditions (Letter of Agreement is signed);
3. **Construction/Repair Underway:** in the process of being built or repaired; and,
4. **Completed:** built or repaired.

Construction Timelines

Construction takes time – it can take years for planning, permitting, site preparation and design for a project to come to fruition. The completion of a new construction or renovated multi-unit housing project can take up to 3 years after the funding is provided.

Funding under the National Housing Strategy can be delivered over several years – extending the time to complete a housing project. See the [Road Map for Building a New Home](#) for more details.

How progress is tracked

Progress is tracked once reporting on progress related to funding commitments from provinces and territories have been received and processed.

Federal/Provincial and Territorial NHS Initiatives

Canada Community Housing Initiative: provides predictable, long-term funding to protect, regenerate and expand social and community housing, including social housing under legacy programs for urban Indigenous households in need.

PT Priority: supports regional needs and priorities, such as increasing the affordable housing supply, maintaining existing stock, and providing financial support to vulnerable Canadians.

Canada Housing Benefit: provides affordability support directly to households in need through programs co-developed with each PT to reflect their unique context and circumstances.

Northern Funding: will help address the unique needs and challenges faced in the North with additional funding for each of the three territories to enhance the other initiatives.

Joint Funding Commitments

Initiative	Total Funding Allocation until 2027/28	Federal Funding Committed	P/T Funding Committed**
Canada Community Housing Initiative	\$8.6 billion	\$839.30 million	\$844.46 million
P/T Priorities Funding	\$2.2 billion	\$689.65 million	\$758.04 million
Canada Housing Benefit	\$4.0 billion	\$331.29 million	\$430.15 million
Northern Funding*	\$300 million	\$150.00 million	N/A

*Northern Funding does not require Territorial cost-matching.

**P/T Funding Committed has been adjusted to reflect a more accurate reporting process.

2 Figures provided reflect a shift to reporting using Provincial and Territorial Progress Reports which provide the unique number of units supported. Quebec has not signed onto the new Federal-Provincial-Territorial (FPT) Housing Partnership Framework. Unique number of units included for Quebec are obtained by commitments claimed through CMHC-QC Bilateral Agreement and SHQ's Annual Report.

3 The Provinces and Territories' bilateral agreements and Canada-Quebec Agreement set the target for the "Units continue to be offered in social housing".

National Housing Strategy Overall

Key Highlights

- Overall, under the National Housing Strategy, we have made \$42.99 billion¹ in commitments as of December 31, 2023.

This will:

- support reducing or eliminating housing need for 517,778 households.
- support the creation of 134,707² new housing units and 272,169 repaired housing units.
- provide affordability support for 345,377³ households.
- 149,741 households assisted through the CHB.

Women and Their Children

- As of December 31, 2023, the NHS has committed an estimated \$12.32 billion towards meeting the housing needs of women and their children, which includes funding for the construction, repair and support of 269,697 housing units.⁴
 - Of the \$12.32 billion, \$2.88 billion is targeting the needs of women and their children, and \$9.44 billion is supporting the needs of women and their children.
 - This represents 31% of all NHS funding committed.
 - Since the numbers above are a percentage of NHS investments and available information will increase with time, the percentage is expected to fluctuate each quarter.

¹Does not include PT cost matching.

²New units total has been adjusted down due to data availability limitations. The total will be adjusted to include the additional units as data becomes available.

³Includes Federal Community Housing Initiative, and Preservation of Social Housing units from the FPT Programs.

⁴Includes funding committed and spent under the Affordable Housing Fund, Apartment Construction Loan Program, Federal Lands Initiative, Affordable Housing Innovation Fund, Rapid Housing Initiative, Indigenous Shelter and Transitional Housing Initiative as well as funding spent under legacy agreements to support community housing.

Housing for those in greatest need

Meeting the housing needs of vulnerable Canadians is a priority under the National Housing Strategy. Priority groups are currently defined to include survivors of gender-based violence; seniors; young adults; Indigenous peoples; people with disabilities; people dealing with mental health and addiction issues; veterans; 2SLGBTQIA+; racialized groups; recent immigrants (especially refugees); people experiencing homelessness.

Indigenous and Northern Housing

Improving Housing Conditions (First Nation, Inuit & Métis Housing)

Meeting the housing needs of Indigenous communities is a priority under Canada’s National Housing Strategy. Projects serving the needs of Indigenous peoples and families are prioritized for funding under many National Housing Strategy programs. There is also programming and funding exclusively for Indigenous and Northern housing.

NHS Funding Exclusively for Indigenous and Northern Housing

- **\$420 million through the Indigenous Shelter and Transitional Housing Initiative** to build a minimum of 38 shelters and 50 new transitional homes for Indigenous women, children and LGBTQ2S+ people escaping gender-based violence.
 - **\$142.83 million** have been conditionally or financially committed toward the construction of 11 shelters and 25 transitional homes.
- **\$25 million through the Affordable Housing Fund** to repair 560 units in the existing urban Indigenous community housing stock.
 - \$5 million has been conditionally or financially committed toward the repair of 144 units.
- **\$13.1 million through the Affordable Housing Fund for 2 emergency shelters** in the territories. This is part of the \$44.8 million 2020 Shelter Initiative for Indigenous women and children escaping family violence. This initiative is supporting the construction of 12 Indigenous shelters across Canada. There will be:
 - 2 in the territories funded through the Affordable Housing Fund.
 - 10 in First Nations communities in the provinces, funded through CMHC’s On-Reserve Shelter Enhancement Program.
- **\$100 million through the Affordable Housing Fund** to support the construction and repair of Housing in the Northwest Territories and Yukon.
 - \$92.5 million has been conditionally or financially committed to support the development of 260 new units.

- **\$200 million through the Canada Community Housing Initiative (under the Housing Partnership Framework)** to support 7,000 units in the existing urban Indigenous community housing stock so they continue to be made available to low-income households.
 - **\$27.7 million** have been committed to support 5,393 units, including repairs for 2,128 units.
- **\$300 million through Funding for the Northern Territories.** Progress to date is listed above, under Federal/Provincial/Territorial NHS Investments.
- **\$627.7 million through Reaching Home: Canada's Homelessness Strategy** to address Indigenous homelessness predominantly in urban centers. This includes:
 - \$455.6 million through an Indigenous Homelessness stream to maintain the community-based approach and to continue to address local priorities, and
 - \$172.1 million to be invested in priorities determined in collaboration with Indigenous partners. \$10 million of this funding has been allocated for communities in the territories.
- **Legacy funding to support First Nations housing on reserve.** Between April 2021 and March 2022, CMHC invested \$219 million to support:
 - 600 newly constructed homes
 - 500 renovated homes
 - 23,950 households receiving subsidies

Funding through NHS Programs of General Application

Federal Supply Initiatives

\$4.23 billion has been conditionally or financially committed through the federal supply initiatives. This includes the Affordable Housing Fund commitments for urban Indigenous housing, emergency Indigenous shelters and housing in the territories listed above. Federal supply initiative commitments will support:

- 23,858 units through Indigenous and Northern housing projects. This includes 49 projects in the territories, where 50% of the population is Indigenous.
 - 15,991 units are for new construction and 7,867 units are for repair or renewal.
- Commitments made to date will support:
 - 14,084 units on reserve
 - 1,655 units in the territories
 - 6,869 Indigenous units in urban areas
 - 1,250 Indigenous units in rural or remote areas

In addition to the funding and units outlined above, the Affordable Housing Fund has made conditional and financial commitments toward 79 new units and 10,127 repaired units for Indigenous occupants within projects that serve multiple population groups.

Federal Initiatives Supporting the Community Housing Sector

\$6.1 million has been conditionally or financially committed through the federal initiatives to support Indigenous housing in the community housing sector:

- \$1.9 million through the Federal Community Housing Initiative to support the affordability of 170 community housing units for Indigenous peoples
- \$4.2 million through the Community Housing Transformation Centre to support 60 Indigenous housing projects

Data, Innovation and Research

The following investments have been made to support research, data and innovation to improve Indigenous and Northern housing outcomes:

- \$4.4 million toward 18 Research and Data Initiative projects
- \$20.8 million toward 45 Housing Supply Challenge projects

Federal/Provincial/Territorial Housing Partnership Framework

\$234.8 million in federal funding and **\$150.81 million** in cost-matched funding have been committed toward Indigenous and Northern through the Federal/Provincial/Territorial Housing Partnership Framework. This is inclusive of all Housing Partnership Framework funding committed to-date in the territories, as well as the Canada Community Housing Initiative commitments toward urban Indigenous housing that are listed above. This funding supports:

- **2,684** new units
- **4,896** repairs
- **7,839** units through affordability support

National Housing Strategy Support to Affordable and Community Housing

National Housing Strategy Support to Affordable and Community Housing

NHS initiatives are designed to meet the housing needs of Canadians. These initiatives provide support to the entirety of the housing continuum, an approach that builds upon and complements the historical federal support for community (social) housing that serves Canadians in deepest housing need.

This new approach significantly increases support to the community housing sector through new supply programs such as the Affordable Housing Fund, the Federal Lands Initiative, the Affordable Rental Housing Innovation Fund as well as the Rapid Housing Initiative.

The approach also includes direct support to tenants and through housing providers to help reduce affordability pressures. This builds on support for legacy social housing agreements which were predominantly signed with housing providers between the 1950s and early 1990s, and includes new funding. New funding is being made available under the Federal and Canada Community Housing Initiatives to providers whose legacy agreements are expiring to ensure that they have the necessary support to continue offering community housing to Canadians.

In addition to these initiatives, the NHS is also creating new purpose-built market rental housing through the Apartment Construction Loan Program, building supply and providing more housing options along the housing continuum.

The NHS provides assistance to households in need through affordable and community housing, figures for this will be available shortly as we work with Provinces and Territories to provide an update.
